

PART-TIME BUSINESS ANALYST

Company:	CROWDBERRY S.R.O. (www.crowdberry.eu)
Work place:	Prague
Salary:	Competitive (base + variable component)
Start:	Immediately
Employment type:	Part-time position (2-3 days / week based on availabilities)

Would you like to meet and work with the best entrepreneurs in the Czech and Slovak Republic? Are you interested in the world of private investments, innovations and growth companies? Would you like to shape the future of a leading fin-tech platform? Do you enjoy working on projects from many different industries? Are you keen on digging out numbers, researching market structures, shaping business plans and develop yourself in a professional environment?

If you think YES, you should join us in our mission to grow exciting Czech and Slovak businesses with the help of smart capital.

Right in the beginning, we must tell you that we are not a usual investment company. We don't like a regular corporate routine. We enjoy entrepreneurial spirit and lifestyle. We like to work hard, but we love to be flexible, nimble, curious and supportive. We empower everyone in Crowdberry to take the opportunity to shape our business and make a meaningful impact on clients, partners and society.

POSITION

Our investment marketplace platform is looking for a bright and engaged BUSINESS ANALYST. Working hand in hand with the management team of CROWDBERRY across Czech and Slovak Republic, the candidate shall be our core team member from day 1 and participate/lead our financial, market and company research. Our new team member shall be responsible for a complex set of business analytics tasks, representing Crowdberry externally and drive the operational as well as strategic activities of the firm going forward.

We appreciate a helicopter view with a fine sense for details, enjoy academic rigour and solid financial skills and love to work with people who are genuine and themselves. And do not forget that life is about having fun too.

RESPONSIBILITIES

- Financial and business analysis of Startup / Real estate assets / Small and Medium-sized enterprises
- Gather, analyse and interpret corporate, financial and market information
- Investment process support
- Develop and advise (young) companies looking to fund their visions and growth

REQUIREMENTS

- Financial and market data research skills with attention to detail and appreciation of numbers
- Experience in reading and understanding financial statements, reports and presentations
- Sound writing and communication skills in both Czech and English language
- Sound proficiency in MS Office suite
- Team player

YOUR PROFILE

- Intellectually curious, adaptive & flexible. You prefer new challenges over routine
- An entrepreneurial “can-do” attitude facilitated by continuous learning
- Motivated, responsible and reliable
- Ability to handle multiple projects in an ever-changing environment

- Capacity to process complex information, work with incomplete and unstructured data, while being able to form an opinion and communicate in a clear and relevant way

COMPANY

CROWDBERRY is the first Czech & Slovak crowd – investing platform. We provide a marketplace for entrepreneurs and investors to enable growth for innovative companies as well as attractive investment opportunities for our capital providers. We allow our investors to become co-owners of potential companies and their founder to get much more than just capital to grow.

SELECTION PROCESS

- Profile screening with a focus on motivation
- Simple personal structured interview
- Group interview/skype with the team accompanied with a business case study
